## Promoting Geriatric Medicine in countries where it is still eMerging

### Geriatric Medicine (GM)

GERIATRIC MEDICINE (GM) is the field of medicine that is concerned with the health and well-being of older adults. GM can play a crucial role in the alignment of health systems to the needs of the constantly growing older populations.

### What is PROGRAMMING COST Action?

We aim to reach a consensus about the basic content of geriatric educational programs for professionals but non-specialists in GM that will be adapted to the local context, the needs and assets of stakeholders, and the pragmatic possibilities of involved settings.

### Who can Join?

PROGRAMMING is not only for geriatricians!

Medical doctors of other fields, allied healthcare professionals, gerontologists, sociologists, epidemiologists, students, policy makers, managers of health structures, even persons specialised in the field of public health, communication, ICT... from all over the world... are all welcome to join and contribute to the promotion of Geriatric Medicine.

Medical doctors of other fields

Allied healthcare professionals

Gerontologists

Sociologists

Epidemiologists

Students

Policy makers

Managers of health structures

Public Health

ICT

Educationalists

## Kick-off Meeting

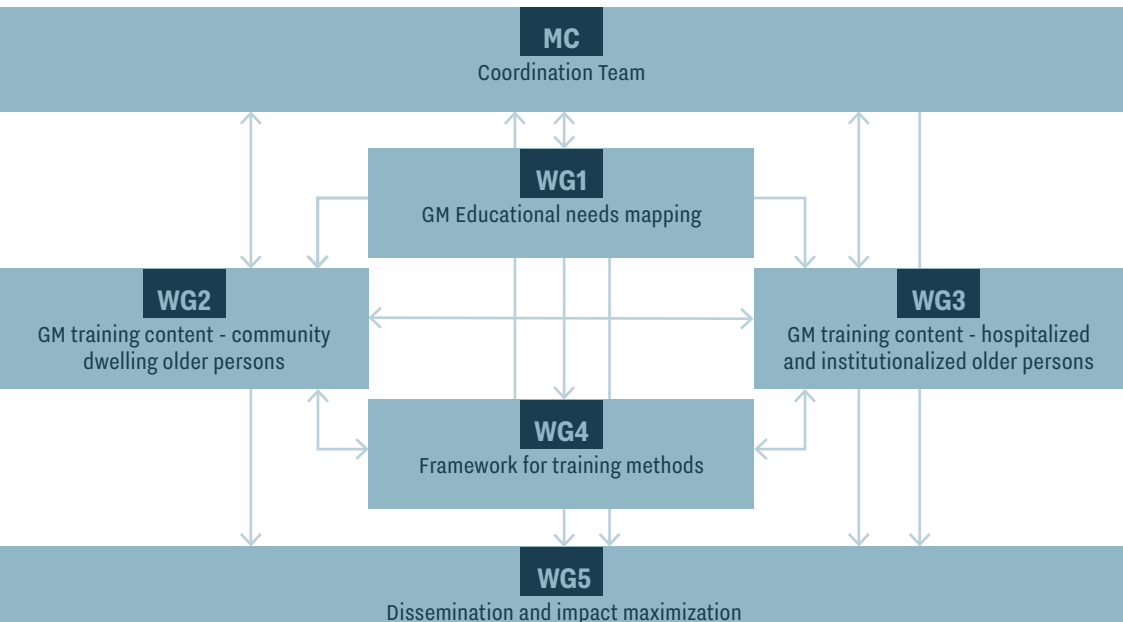

On 2/11/22, EuGMS launched a new adventure! The COST Action PROGRAMMING PROMoting GeRIatric Medicine in countries where it is still eMerging kicked off. EuGMS, other than being the Grant Holder of this Action, has, since the beginning, played a key role in preparing the application and raising the necessary network of proposers for this project.

## Opportunities for You

- To be part of a big network that struggles for the improvement of older persons care through specialized GM education
- To get the chance of learning and collaborating with colleagues from all over the world
- To participate in face-to-face and virtual events and meet colleagues
- To get funding for networking, training and scientific activities, such as conferences and internships grants
